

How-to guide for MCR2030 Resilience Hub

Content

- A. Resilience Hub and the MCR2030 dashboard
- B. How-to add Resilient Hub services
- C. How-to edit services (edit, hide, delete, duplicate)
- D. How-to submit a Resilience Hub report
- E. How-to edit resilience hub reports

A.

Resilience Hub and the MCR2030 dashboard

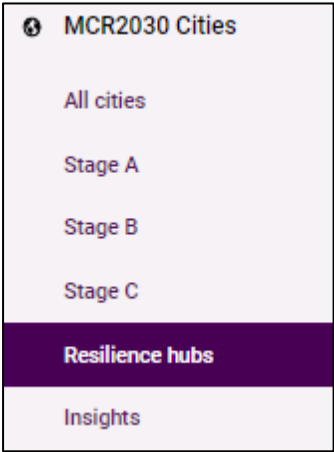

MCR2030 Resilience Hub

<https://mcr2030.undrr.org/resilience-hub>

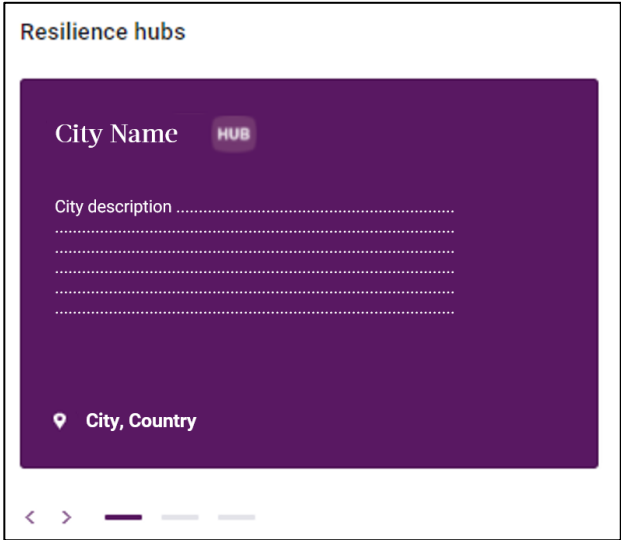

1. MCR2030 Resilience Hubs are Stage C cities that have already reached a high level of resilience building commitments, showed sustained mechanism for DRR/resilience investments, and with an expertise and interest in disseminating best practices to other cities joining the MCR2030.
2. Resilience Hubs have a critical role in knowledge sharing, capacity building, enhancing city-to-city collaborations and peer-to-peer support, creating learning opportunities, and supporting other MCR2030 cities along the resilience journey
3. Resilience Hubs are committed to roll out a range of initiatives to support other MCR2030 cities, reflected in their proposed 3-year activity plan. These are called 'services' in the MCR2030 dashboard.
4. Resilience Hubs must add these planned activities as their service offers on the MCR2030 dashboard and are obligated to report the progress/completion of these activities on an annual basis via the dashboard.

Special recognition of Resilience Hub on the dashboard

A dedicated Resilience hubs directory on the left menu bar

Resilience hubs are highlighted in purple, with a dedicated 'Hub' icon

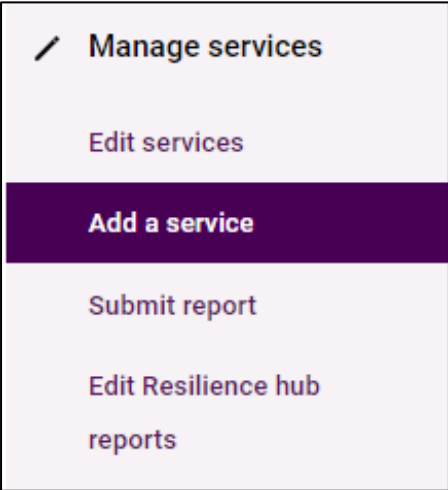

Services added by Resilience Hubs will be tagged with 'Resilience Hub' icon

B.

How-to add Resilience Hub services

1. Select **'Add a service'** in the left menu

2. Fill in details about the service

The screenshot shows a web form titled 'Add service listing' with a breadcrumb 'Add service'. The form is divided into sections: 'Service basics' with a 'Hide this service' toggle; 'Name of service (Required)' with a text input field; 'Resilience Hub providing the service' with a search input field; and two large text areas for 'In English, please tell us about this service' and 'Want to share your service description in another language?'. Both text areas have a 1000-character limit indicator.

- Fill in every fields and provide as much information to help cities understand about your services
- You can enter service description in both English and in your local language in this page
- Choose an easy-to-understand service title, e.g.,
 - Twinning programme on XXX,
 - Coaching on XXX,
 - Seed funding for XXX,
 - Training support on XXX
 - International city symposium on XXX
 - City-to-city exchange,
 - Case studies/publications on XXX, etc.

2. Fill in details about the service

What type of service is this? Select up to 3. (Required)

Is service offered totally free of charge to cities? (Required)

What is the daily rough estimate cost, in USD, of this service? If your service is fee-based, this field is required (enter only numbers).

Limited to numbers, no punctuation

- Select the type of service
 - Research, analysis and report writing
 - Event organization and participation
 - Self-service tools (guidance notes, publications, interactive websites, scorecards, etc.)
 - Training and education
 - Grant and loan
 - Technical assistance
 - Consultancy service
 - Other
- Select if your service is free of charge of not
 - No fee will be charge
 - Fee applies (you can provide the rough estimate cost here)

2. Fill in details about the service

This service is for cities in which stage? (Required)
Note: If the service is applicable to more than one stage, you can duplicate the service and select a different stage.

x

Stage A

x

▼

Does this service specifically address one of the following steps?

^

Conduct an awareness event or publicity on resilience outside the government

Conduct an orientation workshop on resilience with staff and city council

Establish a multi-sectoral committee on resilience building

- **Who is your target recipients?** *(If the service is applicable to more than one resilience roadmap stage, you can 'duplicate' the same service and select a different stage)*
- **Does this service help cities in the selected stage complete any of these required actions?** *(The answer list is tailored to the stage selected in the question above)*

2. Fill in details about the service

Does this service help cities with any of the following stage-specific thematic areas?
Select up to 3. (Required)

x

Awareness raising on disaster risk reduction and resilience

x

▼

Does this service help cities in any of the following cross-cutting themes?

^

Enabling national-local linkages

Enabling horizontal linkages, multi-sectoral and multi-stakeholder engagement

City-to-city learning

- Which MCR2030 stage-specific thematic area(s) does this service contribute to?
- Which MCR2030 cross-cutting thematic areas does this service contribute to?

(The answer lists are tailored to the stage selected in the earlier question)

2. Fill in details about the service

Service location

In what regions does your organization offer services to local governments? (Multiple regions allowed) (Required)

x

Asia

x

Pacific

▼

Asia: In what countries does your organization offer services to cities? (Multiple countries allowed)

x

Bhutan

x

Bangladesh

x

▼

Pacific: In what countries does your organization offer services to cities? (Multiple countries allowed)

x

All countries in Pacific

x

▼

- **Is your service available to cities globally or specific regions or countries?**
 - Select 'All countries' if globally, or
 - Select specific sub-region(s) and applicable countries in the follow-up questions

2. Fill in details about the service

Service contact information

Who is the contact for this service? This email address will not be displayed to public, but MCR2030 dashboard users can send an email to this address using a contact us form.

Is there another email address a city can contact you about this service? The email will not be displayed to public, but MCR2030 dashboard users can send an email to this address using a contact us form.

- Provide the service contact information

2. Fill in details about the service

City requirements and next steps

In English, please tell us what requirements cities need to meet before they can use this service. If applicable, what does the city needs to have in place in order to access/apply this service? As a city, I would like to know if that service is within my scope (city size, tool scope, deployment requirements). Is there an application? (maximum 1,000 characters with spaces)

Enter city requirements to access service here

1000

Want to share your service requirements in another language? Please include a translation here, maximum 1,000 characters with spaces.

Enter translation here

1000

- **Is there any specific pre-requirement for the cities interested in this service?**
 - If so, provide the details here. If not, you can simply say the service is open to all interested cities
 - You can provide the details in English and in your local language

2. Fill in details about the service

Is there a website with dedicated information about this service? If so, enter a complete website address including http:// at the beginning

Is there a second link to access the service directly: for example, an application or an online tool? If so, please enter it here.

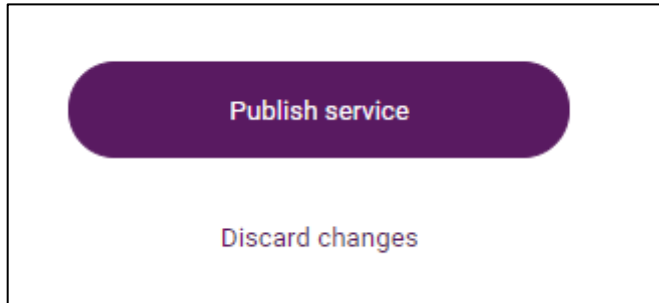

Is this service related to any others that your organization has published?

Please upload any relevant attachments to this service for local governments. PDFs, Word Documents, and Excel spreadsheets of up to 2MB are accepted.

Upload or drop your files

- Provide up to 2 website links about this service
- Select if this service is connected to any other service you offer
- Upload any relevant information about this service

3. Publish your service

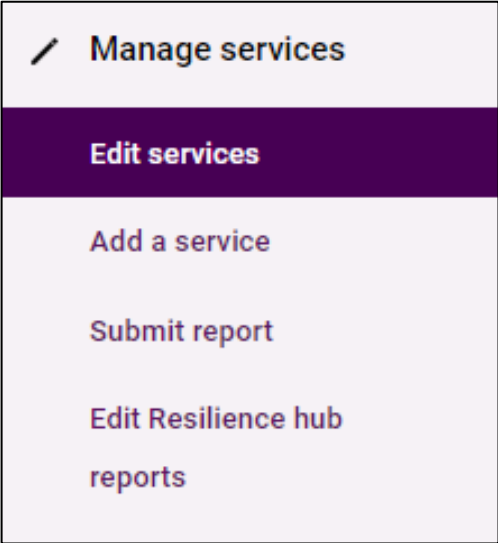

- Click 'Publish service' to save and publish the service. This service will then be listed in the service directory visible to dashboard users

C.

How-to edit services

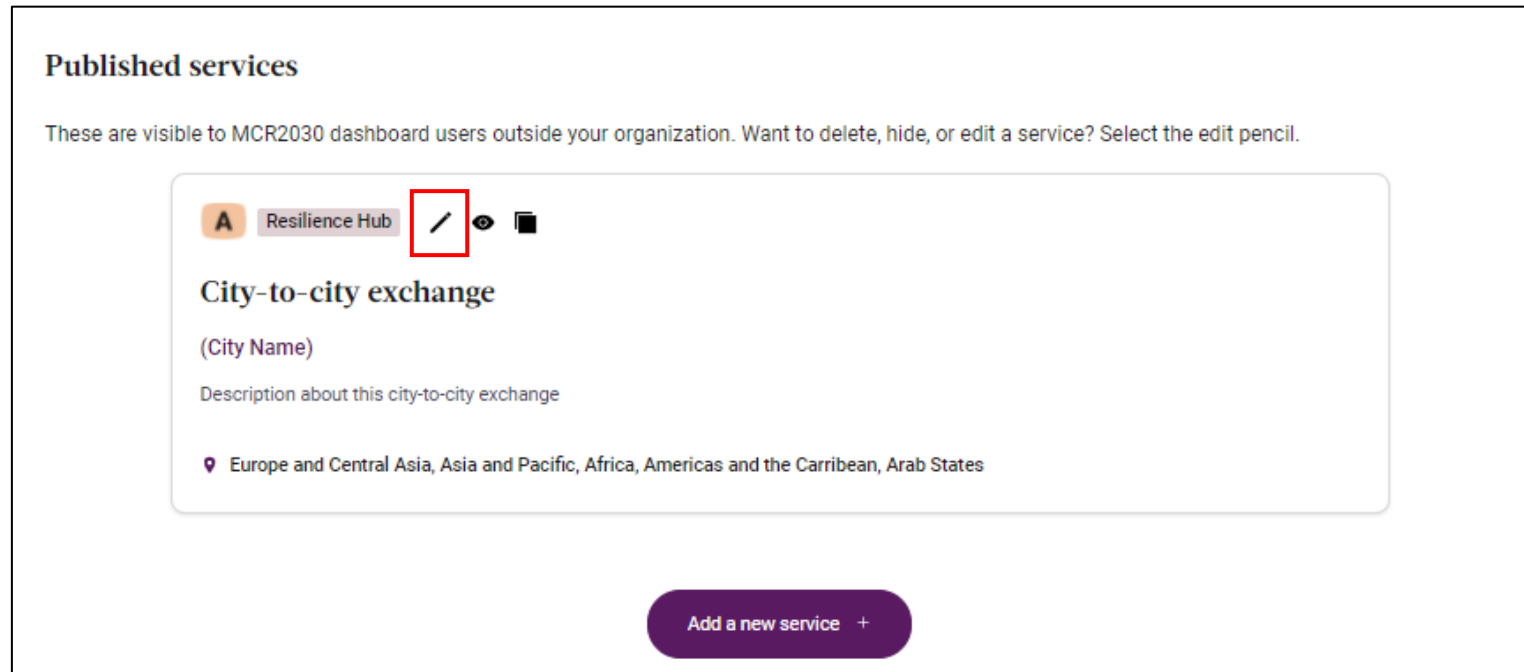

- To edit
- To hide
- To delete
- To duplicate

1. Select **'Edit services'** in the left menu

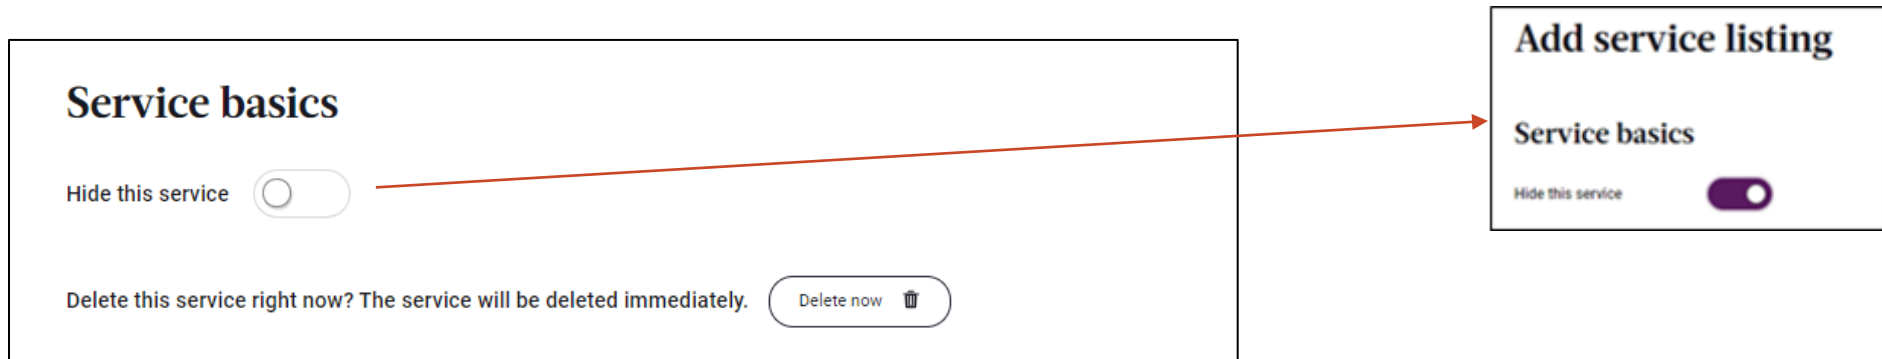

2.1 To edit a service

- Select the **pencil icon** on the service you want to edit
- Edit the service content as needed and click **publish service** to save.

2.2 To hide a service

- Slide the Hide this service slider to the right (purple color). This will keep the service hidden from public view. You can always unhide it.

2.3 To delete a service

- Click 'Delete now' button. This will permanently remove the service from the system

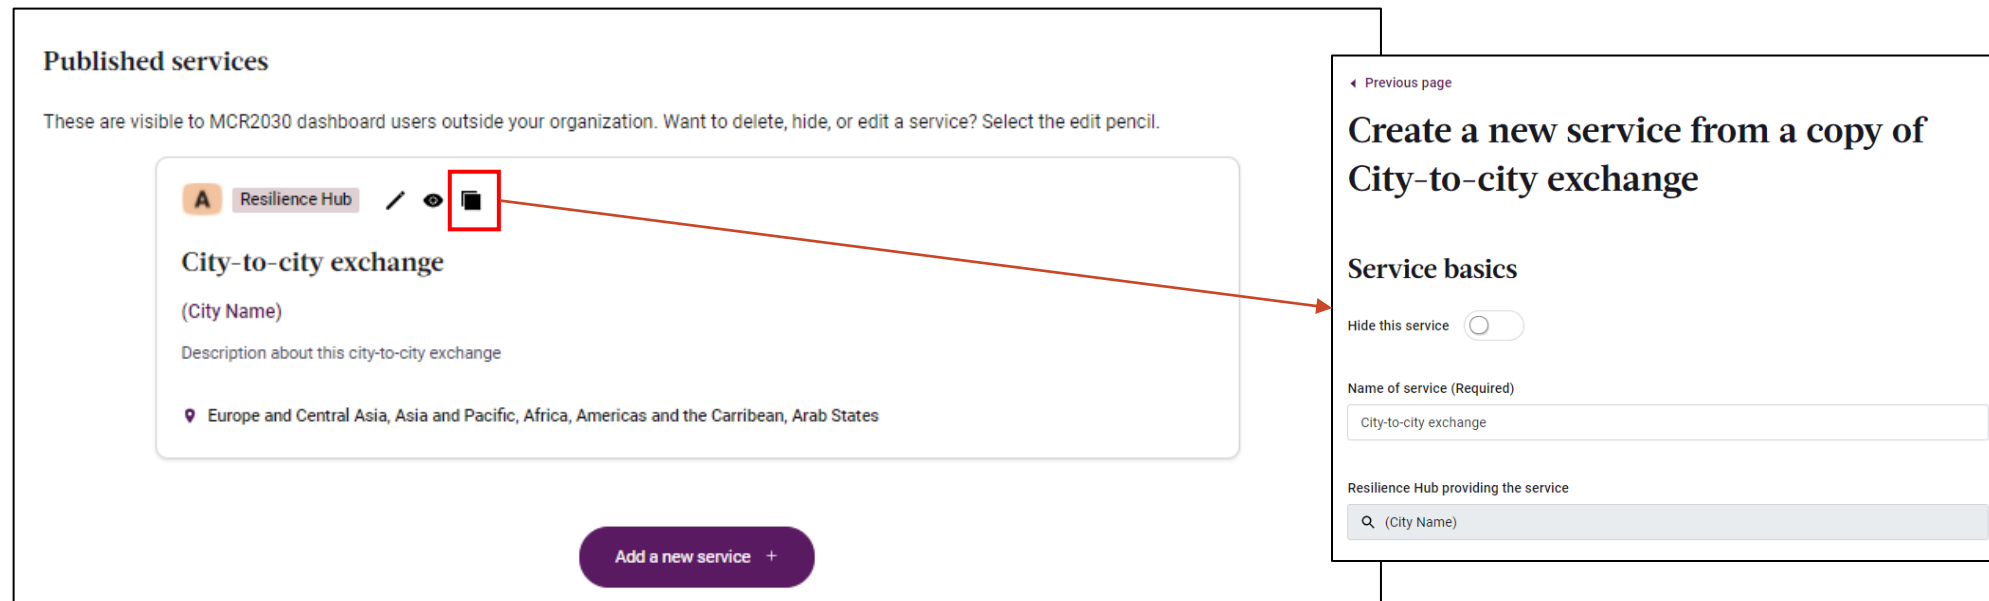

Service basics

Hide this service ☐

Delete this service right now? The service will be deleted immediately. Delete now 

2.4 To duplicate a service

- Select the **rectangle icon** on the service you want to duplicate. This will take you to a page to create a new service from a copy of an existing service.
- Edit content as needed and click **publish service** to save.

***Note:** If your service is useful to more than one resilience roadmap stage, you must 'duplicate' the service and select a different stage (see slide 10).*

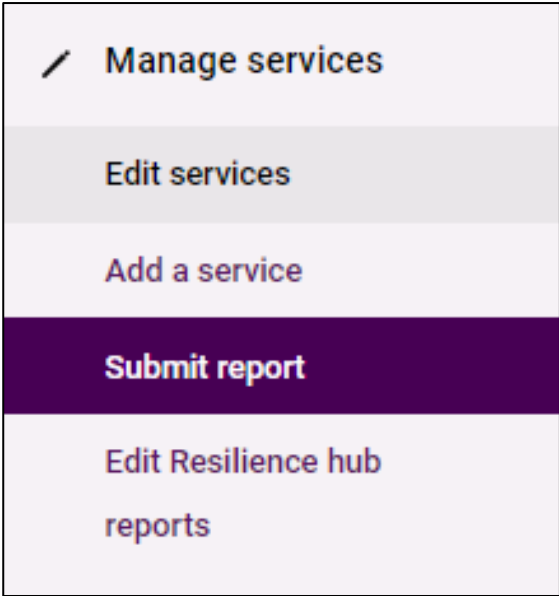

D.

How-to submit a Resilience Hub report

Resilience hubs are required to submit a report on the service(s) provided to other MCR2030 cities at least once a year. The report will be visible to all dashboard users.

If you are concerned of the unstable internet connection, please download the report template in word document from <https://mcr2030.undrr.org/resilience-hub>, complete it offline and return to fill the information online when you are ready.

1. Select **'Submit report'** in the left menu

2. Select the service you want to report progress/achievement.

Report for service...

Q Please complete

Coaching on developing DRR/resilience strategy

City-to-city exchange

*Once selected, the dashboard will bring up the information about this service

Report for service...

Q City-to-city exchange

Title of service, at the time this report was submitted

City-to-city exchange

Service description, at the time this report was submitted

Description about this city-to-city exchange

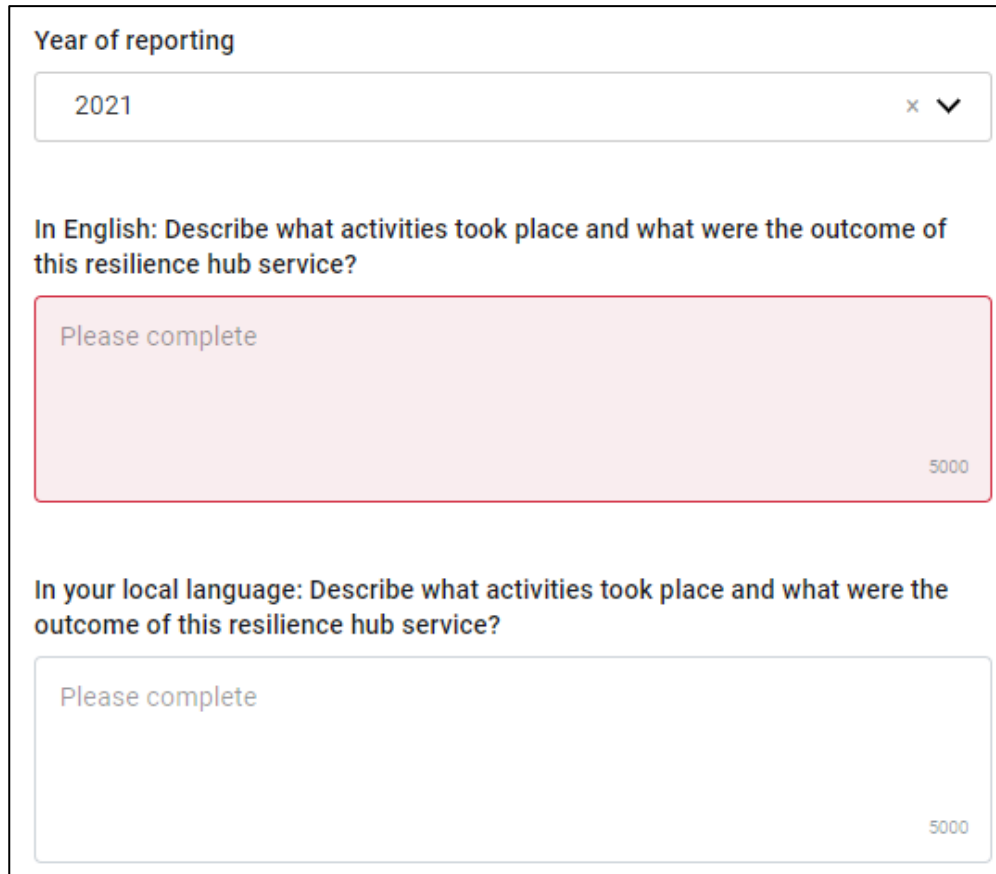

4956

Pre-requirements for cities to use this service, at the time this report was submitted

No pre requirement

4982

3. Fill in the details of your report

The screenshot shows a web form for submitting a Resilience Hub report. At the top, there is a dropdown menu labeled 'Year of reporting' with '2021' selected. Below this is a text input field with the prompt 'In English: Describe what activities took place and what were the outcome of this resilience hub service?'. The input field is highlighted with a red border and contains the placeholder text 'Please complete'. A character count '5000' is visible in the bottom right corner of the field. Below the English section is another text input field with the prompt 'In your local language: Describe what activities took place and what were the outcome of this resilience hub service?'. This field also contains the placeholder text 'Please complete' and has a character count of '5000' in the bottom right corner.

- Select the year of reporting
- Provide details of this service delivery, including but not limited to:
 - The type of activities that took place
 - The day/month/year and duration of which the activity took place
 - Recipient of this service (who & how many)
 - Key outcome achieved
 - What learning was shared by the ResilienceHub
 - What was the learning outcome of the recipient cities
 - Indicator of achievement

3. Fill in the details of your report

Photo for reporting

Attach a photo relevant to this service delivery

Is there a relevant photo you'd like to display with this resilience hub report?
Please attach it here. Maximum file size is 6 MB. Only one photo is allowed.

Upload or drop your files 📁

Photo caption

Please complete

5000

- Attach a photo about this service delivery and provide the relevant photo caption
- The photo and caption will be displayed on the report

3. Fill in the details of your report

Additional information about beneficiary cities

Which cities used this service?

Add cities manually if they're not listed above

City's country

Q Select country

City's state or province

Q Search name of city's state or province (choose "not in the list" if not listed)

City name

Q Search name of village, town, or city (choose "not in the list" if not listed)

Add another city +

- Select which MCR2030 cities received this service (unlimited selection allowed)
- If the name of the beneficiary city is not in the list, you can manually add cities (select country → select state/province → select city name)
